Principal's Report

As the term draws to a close, I would like to thank our staff and students for their outstanding commitment. There have been lots of fantastic events, opportunities and success stories this term and I know you will enjoy reading about a variety of them in this edition of our newsletter.

I would like to congratulate our school captains, Yayden & Millie, who recently represented our school at the NSW Parliament and Government House. Yayden and Millie were able to travel to Sydney with the school captains of Grafton HS, South Grafton HS and Casino HS. I would like to extend my thanks to Mr Daniel Moar of South Grafton HS for leading this excursion. He expressed that our students were outstanding representatives for their school and community.

We have had numerous sporting achievements this month, including Tana's hole-in-one at the NSW Golfing Championships. Tana played an excellent game in a highly competitive field. I know many golfers can only dream of a hole-in-one. Well done on this amazing achievement!

Next term looks to be another busy one. On Thursday 25th July, we look forward to welcoming students and parents/carers of Year 8 and Year 10 to the relevant Subject Selection evenings. These events are a great opportunity for students to engage with our teachers to explore the best study patterns in Year 9 and Year 11, 2025. We also have our School Musical: Into the Woods opening in Week 1. Our students and staff have worked tirelessly on this production and I can't wait to see it.

Term 3 also brings our trial examinations for our Year 12 students. This is the final preparation hurdle for the final exams. I want to encourage our Year 12 students to use this opportunity to refine their study skills and achieve their personal best. Please remember that your teachers are here to help you. Good luck!

I hope everyone has a happy and safe break. We look forward to welcoming students back on Tuesday, 23rd July.

James Witchard
Principal

Acknowledgment Wall mural

Maclean High School students and staff are extremely proud to have an Acknowledgment Wall mural installed in the A Block foyer at the entrance from the quad last week. This space has been well overdue for a facelift and the result has been fantastic.

The Acknowledgment Wall symbolises Maclean High School's strong ties with the Yaegl Community. As a greeting, it acknowledges the continuing connection of the land and water to the Yaegl Community and extends this message to other communities that visit our school.

The artist behind this creation is Krystal Randall a Yaegl woman who worked at Maclean as a Aboriginal Learning Support Officer for 14 years. The Dingo featured in the mural is the totem of the Yaegl people. The colours and flora design are Yaegl plants combined with the colours of the land and the colours of Maclean High School.

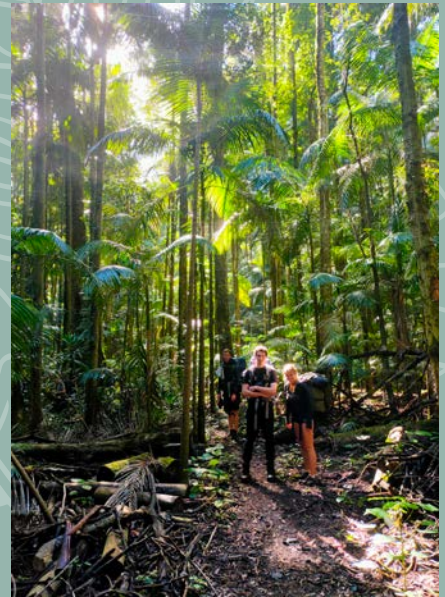

Ms Hamilton

Important Dates

- 22 July
 - Staff Development Day
- 23 July
 - Students Return
- 24, 25, 28 July 1, 2 Aug
 - School Musical Into the Woods 7pm
- 25 July
 - School Musical 7pm
 - School Matinee
 - Yr 8 into Yr 9 Subject Selection 4.30pm
 - Yr 10 into Yr 11 Subject Selection Night 5.30pm

Year 10 Outdoor Education Bushwalk: The Border Ranges

Our Year 10 PASS Outdoor Education students recently embarked on a three-day bushwalk through the Border Ranges (Githabul Country), experiencing one of Australia's finest subtropical rainforests. This journey was not just about covering distances, but also about growth, leadership, and connecting to nature.

The Journey: The adventure began at the Antarctic Beech Picnic Area, with students following the Brindle Creek Track for approximately 8 km to Forest Tops Campground. This path then merged with the Booyong Hiking Trail, adding another 10 km to their journey on day 2, and concluded at the Sheep Station Creek Campground. Along the way, the local ranger highlighted the significance of the sub-tropical rainforest, outlining that it is one of the best in the world.

Teamwork and Leadership: Throughout the three days, the students carried all their equipment and food, emphasising the importance of self-sufficiency and teamwork. Leadership skills were honed as students took turns leading the group, making decisions on break times, navigating obstacles, keeping the group together and ensuring everyone stayed on course.

Evening Campfires and Reflection: Each night, the warmth of a campfire brought the group together, providing a perfect setting for debriefing the day and sharing stories. This nightly ritual became a cornerstone of their experience, fostering camaraderie and reflection under the starlit sky away from technology.

Year 10 Outdoor Education Bushwalk: The Border Ranges

Special Moments: The final morning was particularly memorable as the group decided to chase the sunrise at Pinnacle Lookout. Their efforts were richly rewarded with a stunning pink display across the sky and the first rays of sun on the Australian mainland illuminating the top of Mount Wollumbin (Mt Warning). Another magical moment occurred during a night walk when the students were treated to a light display by glowworms, adding an unexpected and enchanting highlight to their adventure.

The students demonstrated remarkable maturity and responsibility throughout the trip, making it an unforgettable experience that went beyond physical challenges. It was a expedition of personal growth and deepening connections with both nature and their peers.

We are incredibly proud of our Year 10 students for their outstanding effort and attitude during this bushwalk. This adventure not only enriched their understanding of outdoor education but also left them with lasting memories and valuable life skills.

Mr Obst and Mrs Mawn

Girls to Graduates Program

Last month Maclean High was privileged to receive a visit from Macquarie University as part of their Girls to Graduates program. This program aims to increase the motivation and capacity of secondary schoolgirls to pursue STEM (Science, Technology, Engineering and Mathematics) Higher Education qualifications and their understanding of career and research pathways. The program also focuses on increased participation, development and leadership in STEM education.

As part of this program girls from Years 10 and 11 were invited to participate in a day of mentoring and training in science communication and workshop delivery. After some rigorous training, the girls were given two practical activities to deliver to a group of Year 8 students.

After a few initial nerves the presentation went off without a hitch, and Year 10 and 11 did a magnificent job of ensuring the Year 8 students knew how to complete the tasks effectively and, most importantly, safely. We definitely have some Science teachers in the making! The girls were then invited to a discussion with current students and staff of Macquarie University about what to expect from university life. The girls asked many insightful and thought-provoking questions, and learned a lot about what university is really like, especially in STEM subjects.

In the near future, Macquarie University will return with another round of activities for the Girls to Graduates Roadshow, and then early next year participants will be invited on a week-long excursion to Sydney to receive a taste of university life!

Miss Werry

Sprung Dance Theatre

The Learning Hub Classes enjoyed participating in an interactive workshop about healthy drinks presented by Sprung!! Dance Theatre.

Sprung!! Dance Theatre is a not for profit community organisation which delivers a range of contemporary dance and community arts programs specifically for emerging Deaf and disabled artists.

Ms Plowman

Buckley Shield Rugby League

The Maclean High Bats U/14's Rugby League team travelled to Kadina High School on Tuesday the 25th of June to play Ballina High in the semi-finals of the statewide Buckley Shield competition. In a tightly fought contest, Ballina High proved too well disciplined for the Bats, running out eventual 28-8 winners. Best for Maclean was Lincoln with his relentless energy in attack and defence, Noah for his devastating attacking runs and Kota for his punishing defensive reads on the edge defence. Thanks to our supporters Maclean Bowling Club, Optimum Allied Health Yamba and Kane's Sports.

Mr Dobbin

Maclean HS staff have joined with the Rotary Club of Maclean for the 'Say No to Domestic & Family Violence' Campaign. By wearing our purple shirts on Fridays, we are making an important statement about safety within our community. We commenced our first 'Purple Shirt Friday' by holding a free pancake breakfast for students, proudly supported by members of Rotary Club of Maclean - Darrell & Anne.

Say No to Domestic & Family Violence Campaign

Lower River Legends Program

We have been extremely privileged to have 26 students attend the Lower River Legends program this term!

The Local Drug Action Team (LDAT) from the Clarence Valley Council is a collaboration of local organisations that work together to reduce harm from alcohol and other drugs, through education, support and access to quality resources. The Alcohol and Drug Foundation (ADF) funded this program for Term 2 and supports LDATs with research, resources and expertise to help the teams respond to local issues.

Through ongoing support and strong partnerships with the Clarence Valley Council's Community Engagement Officers, Maclean High School was offered this fully funded program to increase personal protective factors for our students, such as:

- Connection to community, school and local sport/recreational clubs
- Creating a sense of belonging
- Skills and employment opportunities
- Enabling early engagement into support services when required
- Building resilience in individuals and communities

Some students found CrossFit challenging and that is okay! Many have commented that they can hardly walk, all the while sporting massive smiles on their faces! Other students feel it is 'the best part of the week!' and that they are 'grateful to be a part of the program'.

Supporting the delivery of this program have been:

- Clarence Vally CrossFit, who scale our workouts according to individual fitness and skill level and mentor students to understand the link between a healthy body and mind
- Momentum Collective, who supports clients on their journey, whether that's finding a suitable home, making friends, learning new skills, recovering or maintaining a healthy lifecycle
- The New School of Arts Neighbourhood House Inc., who offers a broad range of programs & services including Clarence Valley Youth Hubs, Changing Lanes and Our Healthy Clarence
- Aboriginal Community Liaison Officer John Skinner
- Shayne and Courtney from Surf Camp Down Under, who are amazing role models and mentors for our young people
- Bulgarr Ngaru, who aims to improve physical, social, mental, emotional and spiritual health

The Bulgarr Ngaru Medical Aboriginal Corporation has generously offered to fund this program for the next twelve months! What an amazing opportunity for our young people! We look forward to continuing to build even stronger partnerships with our community.

School Spectacular

Congratulations to Alora and Sumira on their selection as Featured Artists at this year's School Spectacular!

Earlier this term, Cooper from Year 10 was one of only 50 students from across Australia selected to attend the University of New South Wales Engineering Work Experience program. Organised with the Institute of Advanced Engineering (IAC) and UNSW Cooper was in Sydney for five days, exploring diverse fields including coastal infrastructure, structural design, project management, environmental engineering, transport systems, and geospatial technology across Sydney.

Guided by UNSW staff and industry professionals, the program included daily field trips followed by reflective sessions at UNSW's Kensington campus. Sparking Cooper's interest in engineering, fostering skills in teamwork and problem-solving, the program was not only an educational experience but also a glimpse into the diverse applications of engineering in everyday life sparking a deeper interest in the field of engineering.

To explore similar opportunities, make sure you keep an eye on Sentral and your emails

CHS Boys Tennis Competition

On the 13th of June Maclean High School competed in the quarterfinals of the CHS Boys Tennis Competition against Alstonville High School. Congratulations to Nathan, Finn, Lachie and Daniel who represented our school with a highly skilled performance and admirable sportsmanship.

Nathan and Finn secured wins in their respective single matches giving the team hope going into the reverse doubles, where Nathan and Daniel's pairing excitedly put the team in the running for a draw. However, Alstonville were successful on the day with a 5 sets to 3 win.

Well done to all the boys. You were a credit to the school and looking forward to next year's comeback.

Mrs Reeves

On Friday 21st June, 20 Maclean High students travelled to Nana Glen for the North Coast Cross Country Championships. Four students finished in the placings with Zahli winning gold in the 15 year girls, Bodhi silver in the 16 year boys, Sonny bronze in the 15 year boys and Zoe bronze in the 17 year girls.

These four plus Mia and Kai qualified to represent North Coast at the NSWCHS Cross Country Championships at Sydney Motorsport Park, Eastern Creek, Sydney on the 24th July.

Space Tour USA

Congratulations to Eve from Yr 10 who has been awarded a partial scholarship, valued at \$5000, to attend the prestigious Space Tour USA 2024, thanks to the One Giant Leap Australia Foundation and Electro Optic Systems (EOS).

EOS is committed to nurturing the next generation of Australian space engineers and scientists. They actively support STEM education through various initiatives, including internships, scholarships, and contributions to scholarship programs. Their dedication to fostering young talent is evident in their support of Space Tour 2024, an initiative designed to ignite students' imaginations and inspire future careers in the space industry.

The Space Tour USA 2024 promises an incredible itinerary, including:
Disneyland: A magical start to the tour with a visit to the iconic theme park.
California Science Centre: An educational experience exploring scientific exhibits.
Northrop Grumman: A chance to see where cutting-edge aerospace technology is developed.
Griffith Observatory: An opportunity to gaze at the stars and learn about astronomy.
STEM Activities Day: Engaging in hands-on STEM activities with One Giant Leap's USA STEM expert.
Dinner with NASA JPL Scientists and Engineers: An inspiring evening with leading experts in space exploration.
Space Camp USA: An immersive experience in a renowned space camp, fostering a deeper understanding of space science.

This once-in-a-lifetime opportunity promises to be a transformative experience for Eve. She has already been working with Maclean High alumna Samantha Willis, who is with the Australian Space Agency, to explore her future pathways after school

Maclean High PBL Values

Respect

- Be kind and value others
- Communicate appropriately
- Work co-operatively
- Take pride in our school

Effort

- Be on time and ready to learn
- Seek help, accept advice
- Overcome challenges and strive for excellence
- Value the learning opportunities

Safe

- Be in the right place, at the right time
- Follow staff instructions
- Model and follow school and class rules
- Take responsibility for your actions and how they impact others

Year 7 Scholarship

In 2025, Maclean High School will be offering a series of Year 7 Scholarships.
These scholarships will provide students with:

- \$300 Uniform Shop Voucher
- \$200 School Excursion Allowance
- Free Year 7 Camp admission
- School fees paid for Year 7
- 1 x Year 7 book pack

Scholarships will be awarded on the basis of Primary Principal nomination for one or more of the following categories:

- Academic
- Sporting
- Citizenship
- Cultural Leadership

Up to 6 scholarships will be awarded across our Lower Clarence School network for students in zone for Maclean High School.

Primary Principals will nominate by the end of Term 3.

Students will be awarded at their school presentation ceremonies.
